Rooted in caring since 1926

2018-2019 ANNUAL REPORT

reaching for
OUR VISION

Foothill Family sees brighter futures in which individuals and families thrive, communities are strengthened, and generations are enriched.

rooted in
OUR MISSION

Foothill Family empowers children and families to achieve success in relationships, school, and work through community-based services that advance growth and development.

Dear Friends,

The success of our 2018-2019 fiscal year at Foothill Family brought about program expansion, family center enhancements, and new employee positions that signify meaningful growth and development in the community-based services that we so proudly provide for children and families. Whether we are teaching parents how to contribute to their child's social-emotional development; coaching caregivers to guide children's behavior; supporting families through a life transition or traumatic chapter; or providing services aimed at prevention, intervention, or treatment, the goal is the same — helping parents and children thrive, together.

As we look to our future, we remain rooted in our mission of empowering children and families. This year, to guide us toward our vision of brighter futures, we have embarked on year one of our five-year strategic plan.

The plan, which is ambitious yet achievable, is a road map to guide us toward our Centennial in 2026 and beyond. To help us achieve our long-term goals, it defines six strategic, interconnected areas of focus:

- enhance program depth and reach
- strive for continuous quality improvement
- invest in people and develop capacity
- boost visibility
- focus on infrastructure
- prioritize sustainability

Foothill Family's dedicated staff continue to do a remarkable job in our communities, providing care with the high-quality, personalized, and dignified approach that has long been our hallmark. They are the front lines of our strategic plan implementation, and are the reason for the reputation Foothill Family has earned as a leader in mental health care and early childhood development program delivery.

The commitment of our Board of Directors and volunteer guild, the Friends of Foothill Family, add greatly to our staff's efforts and provide the community leadership that is so essential to our success and future growth. The advances we have achieved at Foothill Family would not be possible without the advocacy of these crucial contributors, as well as the remarkable partnerships that we have established with our generous individual, corporate, and foundation donors.

This annual report humbly acknowledges our supporters who help make our services possible and will sustain us on our strategic planning journey. Your generosity has helped to strengthen families and enrich communities. For that — and for you — we are truly grateful.

Thank you!

Steve Allen
Chief Executive Officer

At Foothill Family, we believe that healthy families are the foundation of every child's promise for a bright future, and that the strength and resiliency of families provide the backbone of vibrant, thriving communities.

We are committed to improving infant, child, youth, and family development, resulting in success in relationships, school, and work.

For more than 90 years, Foothill Family has led the way in providing comprehensive mental health and social services throughout the San Gabriel and Pomona Valleys, Glendale, and Burbank, through the following key programmatic areas:

Mental Health Care

Foothill Family provides effective mental health assessment and treatment for children and adults, individuals and families.

Early Childhood Development

Foothill Family's zero to five programs provide parents/caregivers and their young, high-needs children with essential early intervention, detection, and prevention strategies and tools during their child's critical developmental years. Services include parent education and can address autism spectrum disorder and/or other developmental delays.

School-Based Services

Currently providing services in 18 school districts in Southern California, Foothill Family provides assistance to children and youth exhibiting social and/or emotional challenges in order for them to succeed at school, at home, and in their communities. Our programs include teacher trainings and promote school community development alongside school/family engagement.

Youth & Family Services

Foothill Family launches families on healthy journeys by providing mental health treatment for children and their caregivers, as well as treatment and support services for victims of abuse, neglect, and/or domestic violence. Also, case management and mentoring programs help pregnant and/or parenting youth to attend school and graduate, raise healthy babies, and learn positive parenting skills.
